MACHINERY

Index to Volume XL
September 1933—August 1934

1934
THE INDUSTRIAL PRESS
140-148 Lafayette St.
New York

Index to MACHINERY, Volume XL

A

Abrasive Cloth, Finishing Lathe Work with. William S. Rowell 399
Abrasives Made by a New Process, Coated 63
Acme Electric & Mfg. Co.:
Variable-voltage Adjustor 459
Acme Electric Welder Co.:
Tee-welding Attachment 179
Acme Mfg. Co.:
Two-wheel Polishing and Buffing Machine 502
Adams, David, Personal of 576-B
Adams, Jr., Frank W., Obituary of 640-C
Adapters for Straight- and Taper-shank End-mills, Cutter 124
Addresses Delay Mail and Cause Unnecessary Confusion, Incomplete 146
Adjustor, Variable-voltage 459
Agitating Device for a Pin Hopper. J. E. Fenno 338
Agitator, Unipower 186
Air-acetylene Flame for Soldering and Brazing.. 718
Air Compressor, see Compressor
Air Conditioning, Increasing Interest in 712
Air Cylinder, see Cylinder
Air-driven Burring Tool that Saves Time in a Railway Shop. Herbert Oliver 591
Airplane Delivery Saves Tie-up of 150 Men and 35 Trucks 747
Airplane Engine Plant Uses Carbide Tools in Small-lot Production. Freeman C. Duston ... 673
Airplane, Heavy Road Machinery Parts Quickly Delivered by 481
Airplane Metals Affected by Low Temperatures? Are 165
Air Reduction Sales Co.:
Pantograph Type Gas Cutting Machines 570
Airco Portable Weld-testing Machine 703
Air-sizing Device for Grinding Machines, Landis.. 170
Ajax Mfg. Co.:
Quick-acting Multiple-disk Air Clutches..... 169
Akridge, E., Personal of 256-A
Alexander, A. G.:
An Important Clause in Fair Practice Codes.. 155
Alexander Bros., Inc.:
Monobelt—A Belt for All Regular Drives.... 496
Alfol Insulation Co.:
Aluminum Foil Safeguards Meat During Transportation 369
Crinkled Aluminum Foil Insulates the "Zephyr" 748
Allegheny Steel Co.:
Kitchen Equipped Throughout with 18-8 Chrome-nickel Steel 231
Allen, Arthur E., Personal of 443
Allen-Bradley Co.:
Automatic Across-the-Line Switch 187
Allis Co., Louis:
Self-contained Capacitor Motor 253
Explosion-proof Self-contained Capacitor Motors 439
Direct-current Fan-cooled Explosion-proof Motors 575
Flanged-head Motors 637
Alloy Cast Iron, Ford's Experience with Dies of 490
Alloy for Cast Camshafts and Crankshafts, An Electric Furnace 489
Alloy, Information on Low-expansion 416
Alloy, Mercury and Mercury Vapor Do not Affect Kovar 368
Alloy, Monel Metal—A Remarkable Metal 80
Alloy Reduces Tool and Die Costs, Matrix. J. R. Weaver 129
Alloy Steels in the Machine Age, The Part Played by 68
Alloys Adapt One Pump for Different Chemicals, Various 165
Altorfer, F. W., Personal of 64
Aluminum and Brass Products by the Extrusion Process, Forming. J. B. Nealey 140
Aluminum Co. of America:
Aluminum Reduces the Non-profit Paying Loads of Trucks 299
Aluminum Flux, Oxweld 50
Aluminum Foil Insulates the "Zephyr," Crinkled 748
Aluminum Foil Safeguards Meat During Transportation 369
Aluminum Paint, Saw Blades Protected with ... 725
Aluminum Railway Train, New Type 67
Aluminum Reduces the Non-profit Paying Loads of Trucks 299
Aluminum, the Metal of the Present and the Future 81
American Brass Co.:
Largest Non-ferrous Plates ever Rolled 300
American Broach & Machine Co.:
Broaching Machines 246
Recent Developments in Surface Broaching ... 289
Detachable Broach Shanks 314
Rotary Continuous Surface Broaching Machine 373
Hydraulic Broaching Machines 434
American Cutting Alloys, Inc.:
Cutanit—A Titanium Carbide 379
American Gear Manufacturers' Association:
Semi-annual Meeting Held at Wilkinsburg ... 188
Code Supervisory Agency Organized 326
Gear Manufacturers Discuss Standards and Codes 618
American Machine and Parts Association:
Announcement of Formation of Society 126
American Nickeloid Co.:
Chromium-bonded Sheets for Brilliant Display 623
American Oil and Disinfectant Corporation:
Amolastic—A Material for Repairing Shop Floors 426
American Optical Co.:
Welding Helmet for Use in Confined Spaces and Helmet for General-purpose Use 767
American Oxycop Co.:
Oxycop Oxygen and Gas Cutting Machine 52
American Society for Metals:
National Metal Exposition in Detroit 38
Proposed Change of Name of Society 126
National Metal Congress to be Held in New York City 418
American Society for Steel Treating (see American Society for Metals).
American Society for Testing Materials:
Making Helical Springs According to A.S.T.M. Specifications 216
New Specifications Issued for Carbon-steel Castings 230
A Manual on the Presentation of Data 263
American Society of Mechanical Engineers:
Paul Doty Elected President 142
Announcement of Annual Meeting 188
Announcement of Summer Meeting in Denver 595
Semi-annual Meeting Held in Denver 704-D
American Standards Association:
Standards Association Assumes Greater Scope of Work 16
National Standards in the Field of Electric Welding 384-A
American Welding Society:
Fall Meeting Held in Detroit 188
Ames Spot Welder Co., Inc.:
Portable Butt Welder 637
Amolastic—A Material for Repairing Shop Floors 426
Amthor Testing Instrument Co., Inc.:
Tensile-strength Testing Machine 119
Anchors, Rawlplug Fiber Screw..... 50
Anger, C. L., Personal of 320
Annealing Machine, Automatic 55
Annealing Steel Blanks in a Controlled Atmosphere Cuts Cost of Formed Parts. M. W. Brewster 265
Apex Tool & Cutter Co., Inc.:
Tools for Turning and Dressing Car Wheels.. 120
Apollo Metal Works:
Chromflex—A Thin Sheet Material that is Chromium-plated on One Side 623
Appearance of Equipment is Becoming an Important Factor 658
Apprentice, see also Training, Education, School, Vocation.
Arbor with Universal Movement, Full Floating.. 251
Arbuckle, W. B., Personal of 510
Arc, Finding Diameter of Cylinder from Measurement of. Paul C. Bruhl 743
Arc Welding, see Welding
Archer, R. S., Personal of 704-A
Area of Irregular Surface, Finding. P. F. Rossmann 405
Armite Laboratories:
Bestolife Lubricant 117
Gall-proof High-temperature Lubricant 315
Plastic Bestolife—A New Metallic Lead Packing 342
Armstrong-Bray & Co.:
Steelgrip Universal Gear and Wheel Puller... 124
Armstrong Bros. Tool Co.:
Star Drills 435
Artos Engineering Co.:
Automatic Drilling Machine for Structural Steel Work 182
Associated Machine Tool Dealers:
Annual Meeting Held in Washington 188
Association of Tool, Die and Machine Shops:
Announcement of Formation of Society 126
Aurora Metal Co.:
Die-castings Stronger than Regular Structural Steel 230
Austin Co.:
The Scrapping of Obsolete Plants 125
Automatic Lathe for Small Work, Fay 171
Automatic Machine Co.:
Profile Milling Machine 567
Automatic, Minute Parts Produced in a Seven-eighths Inch 718
Automatic Screw Machine, see also Screw Machine
Automobile Buyers Want, What 552
Automobile Front Wheels, Grinding Coil Springs for 366
Automobile Industry in 1933 326
Automobile Industry, Statistics of the 40
Automobile Mufflers, Lincoln Automatic Welders for 637
Automobile Output Greatly Exceeds 1932, Year's 127
Automobile Plant, Polishing of Long Tubes in an 552
Automobiles, Grinding the Springs for "Knee-action" 294
Automobiles, New Uses of Materials in 1934 ... 368
Automobiles Owe Much to Improved Materials, Today's 263
Automobiles, The Dies Behind Those Streamlines in. Charles O. Herb 321
Automotive Developments Foreshadow New Trends in Machine Design. Herbert Chase 527
Automotive Industry, Titanium Alloys in the. George F. Comstock 609
Automotive Plants, Chromium Plating Increases the Life of Tools and Dies in. Charles O. Herb 536
Automotive Practice, Today and Tomorrow in... 513

B

Babcock & Wilcox Tube Co.:
Seamless Pipe and Tubing Made by the Diescher Process 300
Baird Machine Co.:
Automatic Multiple-transfer Presses 173
Bakelite Corporation:
The Colors of the Rainbow are Rivalled by Bakelite 300
Bakelite, The Colors of the Rainbow are Now Rivalled by 300
Baker Bros., Inc.:
Contour Grinding Machine of Increased Size.. 117
Baker, G. A., Personal of 510
Balancers, Hi-Eff Universal Static 248
Balancing Machine, Olsen Automatic-weighing Static 174
Balancing Small Parts, A New Idea in 161
Baldez, Joseph P., Personal of 382
Baldor Electric Co.:
"Flex-Align" Coupling 507
Ball Bearing, Bantam Reciprocating 701
Ball Bearing Cup Made in Eighteen Seconds ... 651
Ball Bearing, Fafnir Groove-type 765
Ball Bearings Applied to Machine Tool Spindles, Flanged Precision. Chester B. Lord 363
Ball Bearings, Bantam Shielded Radial 572
Ball Bearings, Conveyor-roll and Mine-car Wheel 631
Ball Bearings Deserve their Reputation for Quality. Charles O. Herb 1
Ball Bearings, Hoover Double-row 62
Ball Bearings, New Departure Flanged Precision Spindle 317
Ball Bearings, Split Radial and Thrust 431
Ball Thrust Bearing, Ancient. Penn Hall 471
Balls Attached to Divider Legs, Measuring Dovetail Slides with Steel. C. W. Putnam 655
Balls, Mechanism for Winding Spherical Cores for Golf. C. W. Hinman 659
Band Saws, Wells Horizontal Metal-cutting 573
Bantam Ball Bearing Co.:
Huge Taper Roller Bearing 491
Combined Taper and Straight Roller Bearing. 501
Shielded Radial Ball Bearings 572
Reciprocating Ball Bearing 701
Barbe, M. B., Personal of 256-A
Barber-Colman Co.:
Electric Fan Blades Modeled on Air Propeller 656
Drafting-room Ventilation in Hot Weather.. 704-D
Barkle, John E., Obituary of 768-B
Barnes Co., W. F. & John:
Hydraulic-unit Machines 559
Square-ram Hydraulic Drill Unit 696
Barnes Drill Co.:
Spindle and Sleeve of a Drilling Machine Made from Nitralloy 24
"Hydram Driller" 48
Barnes, John S., Obituary of 191
Barrel Liners at the Rate of Thirty an Hour, Welding Steel. George H. Hall 727
Bars and Wire, Drawn and Extruded Shaped... 89
Basa Hammer with Adjustable Rawhide Faces.. 314
Bases for Rockwood Drives, Motor 246
Bassett, William H., Personal of 704-A
Batt, William L., Personal of 128
Battelle Memorial Institute:
Research—The Cornerstone of Industry 577
Bauer, Charles H., Personal of 442
Bau James J.:
Lathe Attachment for Cutting Helical Oil-grooves 160
Two Safety Rules that Proved Effective 418
Safety Inspection for New Equipment 679
Beale, George B., Obituary of 512
Bearing, see Ball, Roller, etc.
Bearing-bronze Stock, Magnolia Semi-finished... 573
Bearing Ever Made, Largest Anti-friction 7
Bearings Made of Micarta, Roll-neck 165
Bearings, The "Running in" of 264
Bearings Used One Hundred Years Ago, Anti-friction 336
Belt for All Regular Drives, Monobelt—A 496
Belts, Goodrich Improved Multi-V 703
Bench, Oster-Williams Pipe-welding Assembly... 764
Bendalloy, Tubes Can be Bent Like Solid Bars through the Use of 460
Bending Fixture for Sheet-metal Parts, Hand-operated. Edward Heller 281
Bending Machine, Kane & Roach I-beam 308
Bending Machines, Hydraulic High-speed Tube... 571
Bending Pipe Coils, Machine for. Charles C. Tomney 742
Bendix Products Corporation:
Letting Vacuum Do the Inspection 705
Bends Edgewise in Flat Stock, Fixture for Making Two Opposite-hand. Edward Heller 670
Berry Solder Co., Inc.:
Solder for Stainless Steels 57
Beryllium Copper Increasingly Utilized, Advantages of 748
Bestolife Lubricant, Armite 117
Bestolife (Plastic)—A New Metallic Lead Packing 342
Betz, William C.:
How to Make an Accurate Multi-spline Gage.. 22
Simple Counting Plate for Preventing Errors in Indexing 283
A Simple Method of Aligning Punch and Die Members 390
Bill-heads, Validity of Printed Statements on. Leo T. Parker 32
Bimetal Automatically Controls Gas and Electric Appliances 489
Binding Strip for Packing Cases, Steel 362
Binns, Jr., R. H., Personal of 576-B, 640-A
Black & Decker Mfg. Co.:
Streamline Drill of Smaller Size 639
Blanchard Machine Co.:
Sectored Grinding Wheel 184
Blanchard Pulsolator 636
Blaner, John:
Spring Winder 379
Blanking and Piercing Die, Combination. F. Scriber 606
Blanking Formula for Width of Stock Required for Multiple Circular. E. R. Johnson 677
Blast Cleaning in the Metal Industry. William A. Rosenberger 353
Blocks for High Temperatures, Superex Insulating 691
Blower, Tornado Portable Electric 253
Blowers, Skilsaw Portable Electric Drills and... 638
Blueprinter with Mercury Vapor Tube Lamps... 633
Blueprinting, Washing, and Drying Equipment, Pease Continuous 757
Blueprints for Publication, Advantages of Photostats in Reproducing. W. F. Schaphorst 483
Bogdanov, Peter A., Personal of 509
Boiler-shop Drill, Thor 238
"Bonis"—A Die Coating for Producing Smooth Die-castings 165
Bonnet, Charles F.:
Getting Best Results from Chromium-plated Cutting Tools 212

Boring and Milling Machines, Work Duplicator for 697
Boring and Threading Oil-well Casing Couplings, Turret Lathe Equipment for. P. H. Bryant.. 286
Boring-bar, Russell Adjustable 635
Boring Both Ends of Locomotive Valve Chambers at One Time 738
Boring, Drilling, and Tapping Heavy Work, Precision Indexing Jigs for. D. Strauchen 600
Boring Machine, Barnes Hydraulic 559
Boring Machine, Larsson Precision 176
Boring Machine, Moline Hydraulically Fed Cylinder 759
Boring Machine of Large Capacity, Swiss Jig... 306
Boring Machine, Simplex Precision 433
Boring Mill Efficiency, Special Drive Adds Twenty-five Per Cent to 166
Boring Mills, Form-turning on Vertical Turning and. M. M. McCall 585
Boring Mills, Taper Turning on Vertical Turning and. M. M. McCall 406
Boring Tool for Shop and Tool-room Use, Hand. P. F. Rossmann 221
Boulder Dam, Machining the Gate Valves for. D. B. Charters 193
Bowman, K. B., Personal of 768-A
Brach Mfg. Corporation, L. S.:
A Novel Blown-fuse Indicator 721
Brake-drums and Cylinder Sleeves Made from Cannonite 427
Brake Lining, Marking Machine for Molded ... 53
Brake Unit, Magnetic Clutch- 569
Brand, F. F., Personal of 128
Bransome, E. D., Personal of 704-B
Brass and Bronze Parts, The Hot-pressing of Intricate 29
Brass Die-casting Methods, Recent Developments in. Herbert Chase 653
Brass Products by the Extrusion Process, Forming Aluminum and. J. B. Nealey 140
Breuer Electric Mfg. Co.:
Tornado Portable Electric Blower 253
Heavy-duty Industrial Vacuum Cleaner 767
Brewster, M. W.:
Annealing Steel Blanks in a Controlled Atmosphere Cuts Cost of Formed Parts 265
Bricks Laid with Molten "Mortar," Pickling-tank 164
British Machinery Industry, Conditions Greatly Improved in the 584
Broach Shanks, American Detachable 314
Broaching, Factors that Affect Accuracy of Surface 127
Broaching, Indexing Fixtures Facilitate Multiple Cuts in 682
Broaching Machine, American Rotary Continuous Surface 373
Broaching Machine, Footburt Continuous Surface 242
Broaching Machines, American 246
Broaching Machines, American Hydraulic 434
Broaching, 1934 Will See Great Advances in. Gustav von Reis 257
Broaching, Recent Developments in Surface..... 289
Broaching, Special Equipment for Tapered Keyway. F. Server 411
Broaching, The Production Possibilities of External 367
Brockson, W. L., Personal of 509
Bronze—A Copper-silicon-zinc Alloy, The Workability of Olympic 622
Bronze Castings Now Made for Every Requirement 299
Bronze Parts, The Hot-pressing of Intricate Brass and 29
Bronze Pipe Fittings Without Threads 766
Bronze Stock, Magnolia Semi-finished Bearing-.. 573
Brown, Arthur A. Obituary of 384
Brown & Co., R. H.:
Automatic Blanking Shears 568
Brown Instrument Co.:
Circular-chart Thermometers and Pressure Gages 61
Brown, Ralph P., Personal of 640-B
Brown & Sharpe Mfg. Co.:
Six-inch Rule and Pocket-saving Case 58
Cutter Adapters for Straight- and Taper-shank End-mills 124
Drain Pump 185
Reducing Tool Costs with Arc-welded Construction 478
Light Type Universal Milling Machine 561
Dial Test Indicators 576
Dial Gage with Jeweled Bearings 635
Brown, W. S.:
Multiple Lever Mechanisms Designed to Obtain Dwells in Lever Movements 467
Bruhl, Paul C.:
Finding Diameter of Cylinder from Measurement of Arc 743
Bruner, E. H., Obituary of 576-C
Bruning Co., Inc., Charles:
Electric Erasing Machine 436
Bryant Chucking Grinder Co.:
Semi-automatic Hole Grinding Machine 242
Bryant, P. H.:
Turret Lathe Equipment for Boring and Threading Oil-well Casing Couplings 286
Using Sound as an Indicator in Industrial Operations 357
Research Work Must be Carried on Systematically 395
Bucher, George H., Personal of 640-B
Buckeye Portable Tool Co.:
Hercules High-frequency Grinder 176
Hercules High-frequency Portable Electric Polishing and Sanding Tool 507
Shockless "Nut Runner" 576
Budwitz, Peter L.:
Lathe Set-up for Reducing Size of Wire or Rod 666
Low-cost Press Tools for Making Clamp 731
Buffing Machine, Acme Two-wheel Polishing and.. 502
Bullard Co.:
Hydro-Shift Vertical Turret Lathe 381
"Bulldog" Pipe-welding Clamp, Oster 123
Burke, E. E.:
Milling Woodruff Keyways in Crankshafts 348
Burner, The Evolution of an Automatic Oil 263
Burring Tool that Saves Time in a Railway Shop. An Air-driven. Herbert Oliver 591
Burrs from Hobbed Gears, Removing. George T. Dixon 32
Buses of Stainless Steel, Camels Lose to Motor.. 685
Bushings, Johnson Graphited 186
Bushings, Tool for Inserting Drill. Edward Heller 285
Buy Machinery, Permission to 679
Buying Machine Tools Table d'Hote or a la Carte 538, 619, 676
Buying of Shop Equipment Distributed Among Many Industries, New 588
Bynum, Fred E., Personal of 256-A

C

Cable Insulated with Glyptal-treated Cloth 272
Cadmium Plating Test that Shows Minimum Thickness 608
Cahill, Walter F., Personal of 128
Calvert, L. R., Personal of 383
Cam Cutting Machine, Curd Nube Automatic.... 58
Cam-milling Attachment, Monarch 432
Cam Milling Machine, Producto-Matic Thread and 504
Cam-O-Matic—A Machine that Grinds All Cam Contours of Automobile Camshafts 238
Cam with Endless Groove for Reducing Cam Size and Stroke, Sliding. J. E. Fenno 276
Cams, Finger Holders, and Pushers, Screw Machine 250
Cams, Grinding True Flat Surfaces on the Sides of Thin. H. Kaffine 157
Campbell, Wyant & Cannon Foundry Co.:
Brake-drums and Cylinder Sleeves Made from Cannonite 427
"Proferall"—An Electric Furnace Alloy for Cast Camshafts and Crankshafts 489
Camshafts and Crankshafts, An Electric Furnace Alloy for Cast 489
Canadian National Railways:
Turning Driving-box Brasses with Tungsten-carbide Cutters 156
Brake-Valve Grinding-In Machine 264
Milling the Ends of Locomotive Connecting-rods 415
Swiveling-top Work-tables Speed up Air-brake Repairs 481
An Air-driven Burring Tool that Saves Time in a Railway Shop 591
Testing Valves for Leakage 662
Cannonite, Brake-drums and Cylinder Sleeves Made from 427
Capital Goods Industries and the Fear of Overproduction 616
Cap-screw, "Unbrako" Knurled-head Socket 767
Carbide Cutting Tools Demand Less Vibration in Machines, Cemented-. Everett Chapman 671
Carbide Engineering Corporation:
Diamond-cutting and Grinding Machine 178
Carboloy Company, Inc.:
General-purpose Milling Cutter 504
Six New Grades of Carboloy 695
Carbon-steel Castings, New Specifications Issued for 230
Carburizing, Low-temperature 672
Carlson, E. N., Personal of 319
Carlton, James O., Obituary of 576-D
Carlton Machine Tool Co.:
Small-sized Radial Drilling Machine 698
Carnegie Steel Co.:
Composition Alone Does Not Determine the Quality of Steel 417
Carpenter, Major A. E., Personal of 128-A
Carpenter Tap & Die Co., J. M.:
New Thread Form for Taps 162
Carrel, J. Wallace, Personal of 443
Cary, Frank, Personal of 640-A
Case, Six-inch Rule and Pocket-saving 58
Cast Iron, an Old Metal with New Possibilities.. 93
Cast Iron, Ford's Experience with Dies of Alloy.. 490
Cast Iron, Reducing the Time for Malleableizing 389
Cast Iron, Tests Show Superior Wearing Qualities of Nitrogen-hardened 661
Cast Iron was Discovered, No One Knows when.. 369
Cast Irons and Their Treatment, The New 457
Cast Irons, The Growth of Alloy 42
Caster Wheels, Light-duty End-wood Truck and.. 506
Casting Holding Device 183
Castings, Effect of Molybdenum on Steel 43
Castings for Machine Bases, Composition of 736
Castings for Strength and Reliability, Using Steel 77
Castings, New Specifications Issued for Carbon-steel 230
Castings Now Made for Every Requirement, Bronze 299
Castings, Washing Equipment for 326
Castle, James T., Personal of 189
Cataract Enclosed-head Precision Bench Lathes.. 760
Catmur, T. S.:
An Englishman Commends Flanders' Letter to the President 329
Caulley, Ralph G., Personal of..... 509
Cederleaf, Fred W.:
Automotive Helical-gear Transmissions 227
Census of Machine Tools, The 1933 741
Center, Sturdimatic Ball-bearing Lathe 125
Centering Strip in Die, Method of. J. E. Fenno 735
Centerless Grinding Machine, Handling Small Lots on a 345
Centerless Grinding Now Applied to Internal Work 420
Cerro de Pasco Copper Corporation:
Matrix Alloy Reduces Tool and Die Costs ... 129
Tubes Can be Bent Like Solid Bars 460
Chace Valve Co., W. M.:
Bimetal Automatically Controls Gas and Electric Appliances 489
Chains, Diamond Stainless-steel Roller 638
Chamfering Machine, Lipe High-speed Gear-tooth 628
Chancellor, D. V., Personal of 128
Channel-shaped Clip, Die for Forming. L. Kasper 667
Chapman, Everett:
New Type Cutting Tools Demand Less Vibration in Machines 671
Chapman, Everett, Personal of 510
Charters, D. B.:
Machining the Gates for Boulder Dam 193
Charting Machine, A New Gear- 470
Chase Brass & Copper Co., Inc.:
The Workability of Olympic Bronze..... 622
Chase, Herbert:
Synthetic Plastic Materials
1 137
2 203
How the Product Designer Helps to Increase Sales 358
Automotive Developments Foreshadow New Trends in Machine Design 527
Recent Developments in Brass Die-casting Methods 653
Chase, Marcus, Obituary of 512
Chaser-grinding Equipment, Geometric 173
Chatillon & Sons, John:
Precision Helical Springs Produced After Extensive Research 615
Chest for Handles and "Filegrips," Osgood Stock 507
Chester, Dr. Allan, Personal of 510
Chicago Molded Products Corporation:
Molded-plastic Bumper Shoes 685
Chicago Pneumatic Tool Co.:
CP External Tube-end Polisher 508
Hicycle Drill, Screwdriver, and Nut Runner... 766
Chicago Power Shear with Front-operated Back Gage 501
Chicago Tool & Engineering Co., Inc.:
Palmgren Collet Chucks 252
Chicago Tool & Stamping Co.:
Toolpost Grinder with Friction Drive 632
"Chicago Wheel":
"Hand-EE" Portable Electric Grinder 185
Childs, Leslie:
A Legal Point for Contract Shops 416
Chip Wringer with V-belt Drive, Tolhurst Solid-curb 51
Chromflex—A Thin Sheet Material that is Chromium-plated on One Side 623
Chromium-bonded Sheets for Brilliant Displays .. 623
Chromium is of Recent Use, It Has Long Been Known, While 427
Chromium-plated Cutting Tools, Getting Best Results from. Charles F. Bonnet 212
Chromium Plating Increases the Life of Tools and Dies in Automotive Plants. Charles O. Herb... 536
Chromium Steels that Stand Up Under High Temperatures 368
Chrysler Corporation:
Using Dry Ice in Assembling Automobile Valve Seats 343
Chuck for Holding Piston-rings. Stanley Edwards 224
Chuck for Truing up and Clamping Bevel Gear Blanks by the Finished Bore. I. F. Yeoman... 734
Chuck of Quick-action Type, Inexpensive Ring. Henry W. Mass 414
Chuck-operating Unit, Electric-hydraulic 121
Chuck, Westcott Light-duty Independent Lathe.. 316
Chucks, Palmgren Collet 252
Cimatool-Paulins Drill Jig 701
Ciucinnati Milling Machine and Cincinnati Grinders, Inc.:
Milling Fixtures that Accommodate Nine Sizes of Motor Frames 44
Standard Milling Machines Equipped with Special Tooling 215
Fiftieth Anniversary of the Cincinnati Milling Machine Co. 292
Precision Indexing Jigs for Boring, Drilling, and Tapping Heavy Work 600
Circles with Acetylene Torch, Using Wheels as Jigs for Cutting. John E. Hyler 31
Circling and Flanging Machine, Automatic Feed for Tank-head. Joseph C. Coyle 747
Circuit-breakers for Fractional-horsepower Motors 574
Citroen Installs Latest Production Machinery. Gunnard R. Olson 610
City Machine & Tool Co.:
The Dies Behind Those Streamlines 321
Cimatool-Paulins Drill Jig 701
Clamp, Low-cost Press Tools for Making. Peter L. Budwitz 731
Clamp, Oster Pipe-welding 123
Clamps Simultaneously, Lever Arrangement for Operating Two Opposed. H. Scriber 28
Clamps, Williams Body Builders' Drop-forged C- 575
Clamping Methods for Jig Used in Drilling Long Castings 282
Clark, A. B., Personal of 442
Clark, Edwin W., Personal of 704-A
Clark, Ezra W., Personal of 319
Clark, Harry K., Personal of 382
Cleaner, Heavy-duty Industrial Vacuum 767
Cleaning in the Metal Industry, Blast. William A. Rosenberger 353
Clearing Machine Corporation:
Work Duplicator for Boring and Milling Machines 697
Clematic Mfg. Co.:
Bench Type Tool and Cutter Grinder 54
Cleveland Container Co., Abrasive Division:
Turkish-emery Polishing Sleeves 121
Cleveland Crane & Engineering Co., Tramrail Division:
Tramrail Crane and Transfer Bridge 118
Cleveland Engineering Society:
Industrial Progress Show 576
Cleveland Hobbing Machine Co.:
Spiral-bevel Gear Cutting Machine 55
Cleveland Profiling and Die-sinking Attachment.. 699
Cleveland Twist Drill Co.:
Unusually Long Employment Records 342
Clough, John H., Personal of 189
Clutch and Crank Arrangement, Rapid Return Movement Obtained by Roller. J. E. Fenno.. 403
Clutch at Point of Overload, Mechanism for Instantly Disengaging. J. E. Fenno 468
Clutch-brake Unit, Magnetic 569
Clutch Developed for National Forging Machines, Air 761
Clutch, Hilliard Over-running 574
Clutch Pins, Material for 480
Clutch, "Safety Type" Magnetic 123
Clutch with Combined Brake, Walker-Turner 760
Clutch with Free-wheeling Feature, Morse-Kelpo.. 507
Clutch with Sensitive Control, A Power 752
Clutches, Ajax Quick-acting Multiple-disk Air... 169
Clutches, Small-size Multiple-disk Magnetic 184
Clutches, Twin Disc BFT 439
Coating for Producing Smooth Die-castings, A Die 165
Coating Welding Electrodes 126
Coats Machine Tool Co., Inc.:
Elasticometer for Testing Heavy Springs 762
